

THE X-treme SERIES

Insight has taken valuable lessons learned as the foremost supplier of tactical lasers and illuminators to the U.S. Special Operations Forces and created a line of MIL-spec tactical tools that meet the needs of the most demanding user.

X-treme POWER...

Both new lights offer a peak output of 125 lumens and a minimum run time of one full hour. The M6X variant offers new windage and elevation adjusters that provide outstanding boresight retention.

X-treme RELIABILITY...

The Shock Suppression System™ built into the new X-Series protects the xenon-filled incandescent lamp from the abuse of recoil and impact. The enhanced MIL-spec design allows the airtight X-Series to be exposed to the world's harshest environments, be it a blinding desert sand storm or swimming to a depth of 66 feet in salt water.

X-treme COMPATIBILITY...

Insight's patented Slide-Lock™ interface allows instant, tool-free mounting and removal from any tactical pistol or shoulder-fired weapon equipped with rails or a rail adapter. Our Rail-Grabber™ interface provides an even higher level of accuracy and reliability.

X-treme VERSATILITY...

With options like interchangeable long gun and pistol backplates and filters to produce infrared light for use with night vision technology, the X-Series is easily configured for your multi-weapon, mission-specific needs.

M3X Tactical Illuminator

Technical Data

DIMENSIONS	Pistol: 3.6" L x 1.6" W x 1.6" H Long gun: 3.7" L x 1.6" W x 1.6" H
WEIGHT	Pistol: 3.9 oz. w/batteries Long gun: 4.3 oz. w/batteries
WATERPROOF	66 ft. for 2 hours
RUN TIME	Minimum 60 min. continuous
PEAK OUTPUT	125 lumens
RANGE	30 meters
LAMP TYPE	Incandescent, xenon-filled
BATTERY TYPE	(2) lithium 123, 10-year shelf-life
VOLTS	6 DC
TEMP. RANGE	-32°C to +65°C

Technical Data

DIMENSIONS	Pistol: 3.4" L x 1.6" W x 2.1" H Long gun: 3.6" L x 1.6" W x 2.1" H
WEIGHT	Pistol: 4.4 oz. w/batteries Long gun: 4.8 oz. w/batteries
WATERPROOF	66 ft. for 2 hours
RUN TIME	Minimum 60 min. continuous
PEAK OUTPUT	125 lumens
RANGE	30 meters
LAMP TYPE	Incandescent, xenon-filled
BATTERY TYPE	(2) lithium 123, 10-year shelf-life
VOLTS	6 DC
TEMP. RANGE	-32°C to +65°C
LASER OUTPUT POWER	(max) 3.0 - 3.5mw, class IIIa
LASER WAVELENGTH	650nm*
LASER BORESIGHT RETENTION	<1.5" avg. at 25m

*Infrared laser option available

Pistol backplate
