

The ITAL-A and OTAL-A are rugged, compact and designed with the latest cutting-edge technology.

The A-series includes an adjustable focus infrared laser which allows the operator to adjust the size of the laser beam depending on mission requirements. When focused, the laser provides a continuous beam for precise aiming.

ITAL-A & OTAL-A

- Choice of red Visible Pointer (<5mW) or green Visible Pointer (<5mW, <*30mW, <*50mW or <**200mW); or
- IR Pointer (<*5mW); or
- IR Pointer/Illuminator (<*50mW or <**200mW)

When defocused, the beam spreads to provide enhanced illumination and situational awareness.

Visible models are available with either a red Super Power Point™ or a green Ultra Power Point™ laser pointer—FIVE times more visible than traditional red lasers. The Green <30mW, <50mW and <200mW models also include a 4-position activation switch with an 8Hz Modulation Mode setting.

*LE/Military only
**Military only

ITAL-A with Red Pointer

ITAL-A shown with Subminiature Red Dot Sight

OVERALL FEATURES INCLUDE

- ▶ Rugged aerospace aluminum housing, MIL-SPEC Type III hardcoat anodized
- ▶ Hi- and Lo-power modes of laser operation
- ▶ Compact design minimizes weight
- ▶ Low profile allows the laser to be mounted in front of scopes, holographic sights or night vision devices
- ▶ Fully adjustable windage and elevation
- ▶ Remote cable pressure pad switch and built-in momentary activation switch
 - Single tap enables momentary activation
 - Double tap instantly activates the laser in a continuous ON mode for 5 minutes or until pressed again
- ▶ Supplied with
 - Quick Release HT Mount (Patent Pending)
 - 7" remote cable pressure pad switch
 - Battery
- ▶ Optional MIL-SPEC-1913 top rail or sub-miniature red dot sight available. Neutral density filter, optical diffuser and pattern generators for IR models, sold separately.
- ▶ Manufactured in the USA

ADDITIONAL ITAL-A FEATURES

- ▶ Specifically designed for flat top rifles

ADDITIONAL OTAL-A FEATURES

- ▶ Specifically designed for M-4 style rifles
- ▶ Iron sight won't obscure laser
- ▶ Laser beam projects around the right side of the front sight

OTAL-A with Green Pointer

ITAL/OTAL CLASSIC MODELS

NEW!
OTAL CLASSIC
with Class I, Eye-Safe
Infrared Laser

CLASSIC MODELS SUPPLIED WITH THE FOLLOWING:

- ▶ Red visible pointer (<5mW) or
- ▶ NEW! Class I, Eye Safe IR pointer (≈0.7mW) or
- ▶ IR pointer (<5mW) restricted to military and law enforcement agencies only (NSN#1005-99-535-5506)
- ▶ Quick Release HT Mount (Patent Pending)
- ▶ 7" remote cable pressure pad switch
- ▶ One 1.5-volt AA Battery

Call 800-235-2162 or visit www.laserdevices.com for additional information.
