

The ArmorSource Ultra-Lightweight HIGH-CUT Ballistic Helmet is an innovative, solid and extremely comfortable solution for front line units and special forces. The AS-501 HC:

- provides extremely high protection against a wide spectrum of small fragments as well as handgun bullets;
- is extremely comfortable due to its light weight and flexible pad system;
- utilizes the ACH shape, used and accepted by the U.S. Government and other military organizations worldwide; and
- is made in the United States.
