

The ArmorSource LJD Aire Ballistic Helmet is the lightest ballistic helmet in the defense and law enforcement market. The LJD Aire reduces the weight of traditional helmets by more than 40% while exceeding the ballistic protection of the Lightweight ACH. The LJD Aire:

- provides extremely high protection against a wide spectrum of small fragments as well as handgun bullets;
- is extremely comfortable due to its light weight and flexible pad system;
- utilizes the ACH/MICH shape, used and accepted by the U.S. Government and other military organizations worldwide; and
- is made in the United States.
