

The combat pants 3rd generation has been specially designed for the Special Forces to be used for operational missions in extreme weather environments.

Design

Comfortable and simple to use.

Multipockets:

- > 2 diagonal opening pockets on each side.
- > 2 rear zip flat pockets.
- > 2 thigh cargo side pockets.
- > 2 comfort cargo pockets on front with hook-and-loop tape fastening.
- > 2 pockets on lower leg with flap.

Comfortable waist band with loops.

Can be used with or without knee pads.
Built-in flap covers kneecap when used without knee pads.

Various adjustments for a perfect fit to the wearer:

- > Waist adjustment by hook-and-loop tape.
- > Lower leg adjustment by hook-and-loop tape.
- > Knee pad adjustment: in height thanks to the adjuster located in the thigh pocket of each leg / in width: adjustment by hook-and-loop tape.

Expansion panels (4 ways stretch woven) at lower back and at knee level for better flexibility and comfort, especially during shooting position.
